RESUME OBJECTIVE

I am seeking a company where I can further refine my skills and expand my knowledge. My goal is to engage in a professional environment that fosters continuous learning and growth. In addition, I am eager to contribute my efforts towards assisting the company and the team in achieving their goals and objectives, ultimately enhancing the return on investment.

WORK EXPERIENCE

June 2025 – Present
Remote

LevelUp

Web Hosting - Upgrades Processing Specialist

- Processed migrations for premium hosting plans (VPS/Dedicated).
- Assisted premium plan customers with plan upgrades and related queries.
- Verified website or server functionality after upgrades to ensure smooth operation.
- Guided customers through addon products and additional services offered.
- Monitored upgrades for potential further enhancements to higher-tier plans.
- Ensured successful completion of upgrades without issues before closing tickets.

May 2024 – June 2025
Remote

LevelUp

WordPress Technical Support Engineer

- Provide high-quality technical support to clients using WordPress hosting services, resolving issues related to server configurations, website performance, security, and functionality.
- Deliver exceptional customer service through various channels (email, chat) by addressing inquiries, troubleshooting problems, and guiding clients through solutions.
- Assist clients with WordPress installations, updates, plugin and theme configurations, and site migrations.
- Diagnose and resolve complex technical issues involving server configurations, databases, DNS, and network settings.
- Implement and advise on best practices for WordPress security, including regular updates, backups, malware scanning, and removal.
- Work closely with other support engineers, developers, and system administrators to address and resolve client issues efficiently.
- Continuously monitor server performance and proactively address potential issues before they impact clients.

October 2023 –
January 2024
Remote

Red Hat

Technical Support Engineer

- Respond to customer inquiries and issues via email, and provide timely and effective technical assistance.
- Diagnose and resolve technical (RHEL) problems reported by client, which may involve analyzing logs, debugging software, or troubleshooting.
- Assist client with the installation, configuration, and setup of software applications.

October 2022 – October 2023 Cebu City	Newfold Digital Inc. Tier 2-System Administrator • Provide advanced technical support (like DNS, Port, hosting, and CMS issues) and troubleshooting for escalated issues from Tier 1 support staff. • Perform proactive system monitoring and analysis to identify potential issues and recommend preventive measures. • Diagnose and resolve software, and network issues related to servers. • Develop and maintain technical documentation, including knowledge base articles, FAQs, and troubleshooting guides.
August 2021 – September 2022 Cebu City	Newfold Digital Inc. Migration Specialist • Conduct assessments to identify potential challenges, dependencies, and compatibility issues. • Implement data archiving, cleanup, or restructuring as necessary to optimize migration performance and efficiency. • Monitor migration progress and address any issues or errors encountered during the process. • Document and report testing results, highlighting any discrepancies or issues for resolution. • Check migrated systems, applications, or infrastructure for performance, scalability, and efficiency post-migration.
October 2020 – July 2021 Cebu City	Newfold Digital Inc. Product Specialist • Develop a deep understanding of our company's products, including their features, functionality, and value proposition. • Serve as a point of contact for customer inquiries, issues, and escalations related to product functionality and usage. • Work closely with customer support and success teams to address product-related issues and ensure high levels of customer satisfaction.
January 2020 – September 2020 Lapu-Lapu City	Marinas & Co. Builders Inc.
